

POWAGroup

4 WAY RISER

100mm PVC

50 x 50 x 50 x 40mm

For a Wide Range of Plumbing Applications.

4 WAY RISER

100mm PVC

50 x 50 x 50 x 40mm

MATERIAL

- Material: PVC (Polyvinyl Chloride)
- Lightweight, durable, and cost-effective
- High quality, four way drainage junctions

DESIGN

- Designed to connect four pipes in perpendicular directions, allowing branching or joining of plumbing lines in a four-way configuration

PRESSURE RATING

- Designed to handle a certain range of pressure
- Suitable for standard plumbing applications
- The pressure rating may vary depending on the intended use

APPLICATIONS

- Residential, commercial, & industrial plumbing systems
- Resistance to corrosion, chemicals, & rust, making them suitable for various indoor and outdoor applications
- Use with Ultra Low 100mm Floorwaste Fire Collar
