SPLIT RUBBER ISOLATOR WASHER ELEMENT

Reduce Vibration & Noise in Industrial Applications

PRODUCT DESCRIPTION

This rubber isolation washer is a simple and effective way to isolate vibration, shock, and reduce the noise levels.

The two part design allows for installation either side of a mounting bracket or support channel.

Made with UV resistant EPDM rubber with a load rating of 3kg/cm².

Absorbs vibration, shock & reduces noise levels

EPDM rubber

Suits M10 Threaded Rod

10% deflection at max load

PART NO.	SUITS THREADED ROD	SUITS MATERIAL HOLE	LOAD RATING
16SRIWE	M10	16MM	3KG/CM2

Height - 20mm

Diameter - 28mm
